CITIZENSHIP SCHOOL FOR ADULTS OPENS

Twenty-Four Foreign Born Men Register For Term of Instruction

DEPARTMENT WORK BEGINS

Twenty-four registered as pupils in the Charleroi citizenship school for adult foreigners when the school opened Thursday evening at the high school building. Classes were not started then, but books were distributed and arrangements made for beginning the class room routine next Tuesday evening.

The school will be conducted every Tuesday and Thursday evening, from 7:30 to 9:30 in the high school building, for the purpose of teaching foreigners the essentials they must know to become citizens of the United States. Miss Etta M. Work has been assigned to the work as teacher by the school building.

Incidentally registration was taken Thursday evening in the departmental school for adults. In the typewriting and shorthand department 15 registered, in the domestic science 10, in the mechanical drawing 10 and in the bookkeeping eight. It is anticipated that next week the necessary 15 will be registered in each department and actual work started.

ELKS' BINGVILLE DANCE PLEASING SOCIAL AFFAIR

Charming in every detail was the annual Bingville dance held by the social committee of Charleroi lodge No. 494, B. P. O. Elks at the Elks' home Thursday evening. About 200 couples were present at the affair, the majority attending in "rube" costumes.

Decorations that were distinctly of a farm nature lent attractiveness to the scene. Various booths in which the country store idea was followed out in the arrangement were set in odd corners and from them were dispensed candy, wieners and a variety of delicacies. The lunch of the evening consisted chiefly of doughnuts, gingerbread and cider.

On the first floor the dancers tripped the light fantastic to the strains of Jenkins' orchestra and on the basement floor guests were regaled with music by an Italian string orchestra.

Dancing was not the only feature. Headed by Harry Levy the Brownsville Elks' minstrel troupe entertained with minstrelsy. Helen Nairn sang Scotch songs and danced Scotch dances. Tenor solos were sung by Walter Vaughan, now of Pittsburgh, and E. Boucher.

The general committee consisted of Harry C. Hornell, C. S. Bateman, H. Vernon, W. B. Patterson, Nathan Greenberg, William Darby, G. W. Might, W. O. Brenham, R. W. Brown, Guy Woodard, Robert O. Vetter and J. I. S. Cowan.

THEORETICAL TEACHING OF TEACHERS TO HAVE AN END

Teachers Meetings See Their Finish—Actual School Room Demonstrations Supersedes Then

Theoretical discussions of what ought to be done in teaching work will be no more in Charleroi school work. Practical demonstrations will take their place.

In the past teachers' meetings at which time the teachers read out of books how somebody else taught certain subjects were held. This was all theory. New Superintendent T. L. Pollock proposes to have teaching taught by teachers.

He has appointed teachers to have charge of the program for the next few meetings and other appointments will be made later. The teacher will conduct classes in her own room, giving a practical demonstration of work with her own pupils, while other Charleroi teachers observe and gather points. The following appointments have been made: Miss Elma Lutes, Fifth street building to demonstrate primary reading teaching; Miss Mary McGee, Ninth street building to demonstrate music teaching; Miss Mabel Myers, Second street, to demonstrate physical culture work.

EFFECT OF ADAMSON BILL IS EXPLAINED

Congressman Temple Speaks to Railroaders at Brownsville—School Building Not Large Enough to Hold Crowd—Monongahela Rally Tonight

The school house at West Brownsville was too small to hold the audience that wanted to hear Congressman Henry W. Temple Thursday night and the rally which was to have taken place inside was accordingly held in front of the building.

A large number of railroad men were in the crowd and listened with the closest attention to Dr. Temple's explanation of the provisions of the Adamson bill and why he voted against it. He told how the act does not limit the number of hours trainmen may work and declared the 25 per cent increase in pay which goes into effect January 1 will continue only 11 months at the most, no provision having been made to make permanent the increase on the recommendation of the commission appointed to study the problem.

Dr. Temple also showed how the Adamson act makes no provision for computing pay on the distance basis as at present and how trainmen may be required to work eight hours for pay which they now earn in four or five, and to make runs for wages which under present conditions are nearly twice as much.

Dr. Temple also explained how the present prosperity under the Wilson administration is due to the fact that European factories are not competing with those in America, and pointed out that the Republican tariff will be needed to protect American industries and workmen when the war is ended.

Monongahela will be the scene of a big Republican rally tonight, at which Dr. Temple, Colonel E. E. Robbins of Greensburg and Attorney Frank Osborne of Pittsburgh will be the speakers. Dr. Temple and a large party of G. O. P. county leaders will leave Washington at 2 o'clock this afternoon in automobiles and will stop at Finleyville, Courtney and New Eagle on the way to Monongahela for personal meetings with the voters.

The Ladies Aid society of the First Presbyterian church will hold their annual rummage sale Friday and Saturday at 639 Fallowfield avenue.

BRUEY MURDER BRUTAL FACTS IN CASE SHOW

Post Mortem Examination Indicates How Awful Wounds Were Made

CORONER HEFFRAN GETS COPY

The facts involved in the death of Mary Bruey, from the wounds inflicted upon her by her husband, Theophile Bruey, in Crosscreek township last Monday, show that it was a most brutal crime.

Coroner James T. Heffran has received a certified copy of the post-mortem findings, as made by Dr. C. B. Schildecker, coroner's physician of Allegheny county, the woman having died in the Mercy hospital, Pittsburgh. The post-mortem examination showed that the woman had eight irregular lacerations over the top and back of her head, varying from two to six inches in length, three of which continued through the skull into the brain tissue. The vault of the skull was extensively fractured as a result of these wounds. There was a clean cut laceration of about three inches about the middle of the forearm. There was an incised wound, seven inches long, extending from the right temple downward, just in front of the ear and into the neck. This wound extended into the jaw bone, fracturing it. There was an incised superficial wound three inches long in the middle of the back. There was an amputation of a thumb and index finger. There was a circular wound superficial in character, about the middle of the right forearm. There was a cut in the middle of the right side of the forehead.

The man evidently used the corn cutter on the woman's head and face, and the wounds on her arm and hand were received when she tried to protect herself.

The son, Joseph Bruey, of Crosscreek, testified before the coroner's physician. He stated his mother had been at his home the day before and had complained about treatment received from her husband. The next morning he started to the home of his parents to see his father, and when near the home met his father with the bloody corn cutter still in his hand. The son said he knew at once what had happened.

Coroner Heffran has set next Monday morning at 10:30 o'clock, at Burgettstown, as the time and place for holding an inquest. Witnesses will be notified at once. The coroner has learned that the daughter, who was injured while protecting her mother, is not getting along very well. She is in the Mercy hospital. Her deposition will be taken.

Wear Gossard CORSETS They Lace In Front

THE radical change in styles this season from the slinker slouch to the erect, well-poised, somewhat military form calls for considerable care and attention in the fitting of your new corset.

There is a decided tendency toward the adoption of a smaller waist this season and a fitted bodice, with a return to the full skirt of former periods. All of this has a direct bearing on your corset.

While the "Gossard" the original lace front corset sold at \$25 some ten years ago, increased manufacturing facilities and a much larger distribution have reduced the price until now you can purchase a Gossard corset for as little as **\$5-\$3.50-\$2**

TRESPASS CASE ENDS; ACCUSED NOT GUILTY Store News

Court Holds That Man Who Delivers Provisions is Not Violating Rights of Lilley Coal and Coke Company At West Brownsville.

Holding that Isaac Rosenberg, of West Brownsville, was not guilty of trespass when he delivered provisions to the tenants of the Lilley Coal & Coke company over rights of way, owned by the company, Judge McElvaine Thursday handed down the verdict dismissing the suits against Rosenberg. The latter had been fined on two charges in justice's court and appealed.

Judge McElvaine held in one case that Rosenberg had a legal right as an employee of Joseph Mersay, a West Brownsville merchant, to travel over the private right of way, while in the other case Thomas Lilley who leased his land to the Lilley Coal & Coke company had the right and it was his duty to establish ways of egress and ingress for the tenants, or in the event of his failure to do so it was the right of the coal company, Lilley, moreover, could not deprive the tenants of their means of reaching their homes, although he could make changes in the rights of way. Rosenberg in traveling over the established road was within his right.

It is understood that the real fight in these cases is the interference, by sale by outside merchants to tenants of the coal company, with the coal company store, known as the Bradford Supply company. Were these outside business persons not allowed to use the routes in dispute it would be difficult for them to reach the tenement houses for the delivery of goods.

THE HOLLYHOCK.

A Flower That Is Intertwined With Our Colonial History.

The hollyhock gets its name from two words that indicate its origin in the Holy Land and its membership in the mallow family. But apparently it was known in India before it flung its cheerful banners to the air in Palestine.

Wherever its first home was, it has become thoroughly acclimated in New England. We think of it as a characteristic New England flower. It decorates our colonial history almost back to the days of Governor Bradford and Roger Williams. It is forever peering out of the pages of New England fiction and poetry. There is no flower that more completely embodies the spirit of our eighteenth century romance.

Some of the old colonial blossoms are shy and modest, but the hollyhock has the courage of its convictions. It knows its beauty, as it should, and has no mind to hide it under a bushel or beneath a hedge. It is the province of loveliness to display itself, not vauntingly, but with a due sense of its worth. And the hollyhock, the stately of our "old fashioned" flowers, aspires unabashed.

In two books of "popular quotations" there is no reference to the hollyhock, though the holly has its fair share of space. But it can afford to be thus ostracized.—Providence Journal.

VERDICT REVERSED IN LOCAL DAMAGE SUIT

In a lengthy opinion handed down by the court Thursday afternoon written by Judge R. W. Irvin, in the suit of E. H. Williams against the Pittsburgh Railways company, in which the jury found for the plaintiff \$100, the court reverses this judgement and grants the motion of the defendant to consist of Rev. John R. Burson, ant company, by its counsel, for Rev. E. N. Duty and Rev. C. A. Hartung was appointed. A book review will be given by each member during the term.

The suit was an action for damages to the plaintiff's automobile by reason of its coming in contact with one of the defendant company's cars at the intersection of McKean avenue and Allenwood street in the borough of North Charleroi.

Just prior to the time of the accident the plaintiff had started up Allenwood street, when the automobile stopped and started to slip back toward McKean avenue, along which a car was approaching Allenwood avenue. The automobile, in spite of efforts to prevent it, slipped on back and struck one of the large interurban cars. The contention of the plaintiff was that the motorman had a view of the automobile and could have stopped in time to have prevented striking the automobile.

SUGGESTION TO WOMEN

Who Are "Just Ready to Drop"

When you are "just ready to drop," when you feel so weak that you can hardly drag yourself about—and because you have not slept well, you get up tired the next morning as when you were dead, you need help.

I keep house for my little family of three, and became completely run-down. I was weak, nervous and could not sleep; finally I was unable to do my housework. A friend asked me to try Vinol. I did so and improved rapidly. It toned up my system. I regained my strength, and no longer nervous, slept well, and do all my housework." Mrs. J. C. Matweil, Montgomery, Ala.

There is no secret about Vinol. It owes its success to beef and cod liver, peptonates, iron and manganese peptonates and glycerophosphates, the oldest and most famous body-building and strength-creating tonics.

So many letters like the above are continually coming to our attention, that we freely offer to return the money paid for Vinol in every case where it fails to give satisfaction. Piper's Drug Store. Also at the leading drug stores in all Pennsylvania towns.
